EXPERIENCE / INTERNSHIPS

Associate Software Engineer, MPHASIS Limited 	02/2025 – 06/2025 Pune, India
- Developed and optimized REST APIs in ASP.NET Core and built Angular components for client-facing financial applications in a live production environment. - Designed and executed SQL transactions in MySQL to handle large-scale financial data. - Collaborated with client teams in an Agile model, ensuring production-grade code quality through unit testing, logging, and monitoring.	
Software Engineer Intern, Honeywell Limited	05/2024 – 08/2024 Hyderabad, India
- Developed Python scripts for IoT data ingestion, cleaning logs and forwarding telemetry to cloud storage. - Built React dashboards to visualize real-time sensor data and alerts for system monitoring.	

EDUCATION

MSc - Data Science, University of Glasgow	2025 – 2026 Glasgow, Scotland
Currently Studying (Courses: Programming and systems development, Big Data Analytics, AI&ML, Deep Learning, Cyber Security Fundamentals)	
BTech - Computer Science and Engineering, Jawaharlal Nehru Technological University	2021 – 2025 Hyderabad, India
Grade: First Class with Distinction	

TECHNICAL SKILLS

Programming Languages Python, C#, Java, JavaScript, TypeScript, CSS, HTML	Frameworks & Platforms Angular, ASP.NET Core, Flask, Django
Libraries Pandas, Matplotlib, Scikit-Learn, TensorFlow, Pytorch	Databases MySQL, Microsoft SQL, PostgreSQL, MongoDB
Tools Git, Docker, Azure blob, Swagger, Apache Spark, Kafka	Concepts OOP, Data Structures, REST APIs, SDLC, Unit Testing

PROJECTS

DeepFake Detection on Images using MobileNetV2 
- Trained a MobileNetV2 model on a dataset of 5000+ images to detect DeepFakes with 92% accuracy. - Used Flask to serve the model and connect the backend with a responsive JavaScript-based frontend.
Retirement Planning Tool 
Developed using Angular, ASP.NET Core, MySQL. Built APIs and tested using Swagger/Postman.
DeepFake Detection on Videos using Inception V3 
Trained an InceptionV3 model on the DFDC dataset (87% accuracy); deployed using Flask for backend inference.

LEADERSHIP & ACHIEVEMENTS

- Secretary & Web Master, IEEE Student Branch** – Led technical activities, maintained the branch’s web presence, and coordinated events that engaged 100+ students.
- Hackathon Winner** – Secured **1st place** in a university-wide team hackathon project.
